

eGovernment Channels Statistics For the Year 2026

The eGovernment Channels Statistics provide critical insights into the preferences and behaviors of users interacting with digital government services in the Kingdom of Bahrain. These statistics play a key role in identifying emerging trends, enabling the government to proactively adapt and enhance service delivery.

The government places high value on constituent feedback and actively monitors public usage and engagement with its digital services and channels. This commitment ensures that services remain responsive, user-centric, and aligned with national digital transformation goals.

This document presents annual statistics across all eGovernment channels. The data is systematically analyzed and reported on a quarterly basis to the Ministerial Committee overseeing the eGovernment Program. Insights derived from this analysis inform strategic decisions and drive continuous improvement initiatives, implemented in collaboration with the relevant government entities.
